MD 500E AIRCRAFT

MCDONNELL DOUGLAS

The MD 500E® delivers the highest speed, payload and productivity in its class. With a five-bladed main rotor and the choice of a 420-shp Rolls-Royce 250-C20B, the MD 500E® is the best performing helicopter in its class. The MD 500E® light turbine helicopter allows easy configuration conversions from a deluxe, five-place executive transport to a utility cargo carrier. Standard high clearance skids permit operations in rough terrain, the proven reliability of the de-rated turbine engine, fail-safe design and a worldwide network of factory-authorized service centers assure pilot/passenger satisfaction
